VOL VII.

ational Affairs, The Annual Report just issued by the ctory of the Treasury shows that THE BLOOMY the past year the expenses of the eighth voluoverament, in round numbers, are tion. Its 0 millions of dollars more than in the wrious fiscal year. This is a fact that tunity of retu at should be noted. What is its sig-those who h ificance? Among the items is that of ble period, 2.827,074.35 increase of interest upon cal journal b a public debt. Why should this be, vertisements ben there has been so much political sital made about lessened interest by, tion, with the refunding? President Hayes in his ume, to make message recommends the maintenance meclianical of "existing laws" in repard to "the ac- also to the l cumulation of a sinking fund sufficient to extinguish the public debt within a limited period." That sounds well, but | by a prompt it is not in harmony with the stoady in and by givin crease of the interest burden, nor with al support the President's declaration in another place, recommending 'the retirement from circulation of United States notes with the capacity of legal tender,"and which the Newark Advertiser trans- Ranb's Hall in this way :

he believes that greenbacks are not a lags! tenter progress a in time of peace, and that the sequer the govern-Montelair of ment goes out of the bustoess of bureautag without taken rathe Treasury should insue no other money than con- the feutivity

Why should the Treasury issue "no result was other money than constitutional coins" ? of the parts The same newspaper which recommends roughly he the measure has repea edly said that the been subsecoin "cannot be forced into circulation" pine of the or words to that effect. The answer arrested of is in that part of the recommendation was lead be which implies that private corporations, | ted three o the National Banks, must have the posed a fit monopoly of issuing paper, the only kind six in num of money that will circulate. Non-in- young men terest, public legal tender notes must be an their con got out of circulation in order this in | vanced the terest-drawing private notes may beg of giving the in their place, and become the sole cur which it is reacy of the country. The government stay away may stamp coin, which cannot be made ture. to circulate, to any considerable extent, but the people must not be allowed to issue legal tender notes, because the effect would be to destroy monopoly. Thursday and kill interest and speculation. The dispose of people, however, are expected to endorse the otherwise worthless notes of the benks, and the bankers in return exact Rev. Mr. from the endorsers a tag for using the potes. The Frenchman didnot slander us greatly when he said America contained about forty millions of people-mostly tools. The Advertiser, from its hard money standpoint, hits it exactly when it says the people must "PAT INTERNST." and in order that neurors and speculators may control the money, produce and in-

Let us, as liberty-loving American citizens, refer to our Constitution. In the first article of that fustrament we read that "No title of nobility shall be granted by the United States"-the spirit and mesuing of which is that no apecial honors or privileges shall be enjoyed by one citizen or class at the expense of the others. Yet it is seriously proposed to create the title of Captain General for ex President Grant, and tax | nude Con the nation \$50,000 a year to support the rank. Surely, we are tending toward a nobility never intended by the revolutionary patriots, who fought Great Britain to establish their freedom from taxation to support a titled aristocracy. It would seem to be almost in order for some of the stalwart Republican teaders of to-day to declare the. War of Indopendence a failure, and pass a platform resolution concuring our forefathers for The w their mistaken rebelli on against King payment George III. But sareasm seide, is it not who have a fact that the Constitutional probibition lector adverted too is already in effect a dead the first letter ? Representative Chittanden wants comes a a declaration from the Supreme Court in such against legal tender paper money except to certifas a war me sours. Why not h we argued each dela the constitut ionality, in time of peace, of the propour un-American National Bank and lieved the Bond System ? What better sristoeracy, consider so far as the privilege of living without over due work by taxing others is concerned, could be devised than that enjoyed by With

an American Danker and bondholder? Philom Plainly, enough, the bulwarks which gaged M. our forelathers estab lished sgalast a traveler titled nobility have been greatly week. Trip The ened, if not thrown down. While the Sun"nation has added to its constitution ulog n amendments prohibiting slavery and give all guaranteeing to all the rights of citizen | not the ship, without respect to "ruce, color, or young. previous condition of servitude," corsupt and mirguided legislation has been The E belging on a worse kind of slavery which the M. I threstens more than a geographical di- successi vicion of the Union. The New Rebel. nights, Ben of the Money Power means the cial read everthern, everywhere, North, South, to the an East and West, of American Liberty. It practice means, without doubt, the exection of a liters to menied aristocracy upon the republic's ruins, with Grant at the belm, either as A Got President or "Captain General"-orders held in the prople awake to are the dangers that utility e meaner their institutions. The program Stardie is forestindowed so the ex-President's present country, and the financial very mendations in favor of the Bank Power by the vervion present administration,

German Si
